Residential Condominium Building Association Policy
FEDERAL EMERGENCY MANAGEMENT AGENCY
FEDERAL INSURANCE ADMINISTRATION
STANDARD FLOOD INSURANCE POLICY
RESIDENTIAL CONDOMINIUM BUILDING ASSOCIATION POLICY

PLEASE READ THE POLICY CAREFULLY. THE FLOOD INSURANCE PROVIDED IS SUBJECT TO LIMITATIONS, RESTRICTIONS, AND EXCLUSIONS.

THIS POLICY COVERS ONLY A RESIDENTIAL CONDOMINIUM BUILDING IN A REGULAR PROGRAM COMMUNITY. IF THE COMMUNITY REVERTS TO EMERGENCY PROGRAM STATUS DURING THE POLICY TERM AND REMAINS AN EMERGENCY PROGRAM COMMUNITY AT TIME OF RENEWAL, THIS POLICY CANNOT BE RENEWED.

I. AGREEMENT

We will pay you for direct physical loss by or from flood to your insured property if you:

1. Have paid the correct premium;

2. Comply with all terms and conditions of this policy; and

3. Have furnished accurate information and statements.

We have the right to review the information you give us at any time and to revise your policy based on our review.

II. DEFINITIONS

A. In this policy, "you" and "your" refer to the insured(s) shown on the Declarations Page of this policy. "Insured(s)" includes: Any mortgagee and loss payee named in the Application and Declarations Page, as well as any other mortgagee or loss payee determined to exist at the time of loss in the order of precedence. "We," "us," and "our" refer to the insurer.

Some definitions are complex because they are provided as they appear in the law or regulations, or result from court cases. The precise definitions are intended to protect you.

Flood, as used in this flood insurance policy means:

1. A general and temporary condition of partial or complete inundation of two or more acres of normally dry land area or of two or more properties (at least one of which is your property) from:
   a. Overflow of inland or tidal waters;
   b. Unusual and rapid accumulation or runoff of surface waters from any source;
   c. Mudflow

2. Collapse or subsidence of land along the shore of a lake or similar body of water as a result of erosion or undermining caused by waves or currents of water exceeding anticipated cyclical levels that result in a flood as defined in A.1.a. above.

B. The following are the other key definitions that we use in this policy:

2. Actual Cash Value. The cost to replace an insured item of property at the time of loss, less the value of its physical depreciation.

3. Application. The statement made and signed by you or your agent in applying for this policy. The application gives information that we use to determine the eligibility of the risk, the kind of policy to be issued, and the correct premium payment. The application is part of this flood insurance policy. For us to issue you a policy, the correct premium payment must accompany the application.

4. Base Flood. A flood having a one percent chance of being equaled or exceeded in any given year.
The Residential Condominium Building Association Policy covers only a residential condominium building in a Regular Program community.

I. AGREEMENT

The insuring agreement states the following:

• The Standard Flood Insurance Policy (SFIP) is based upon the National Flood Insurance Act of 1968 and all amendments, and Title 44 of the Code of Federal Regulations (CFR).

• The insured must pay the correct premium to get the requested amount of coverage.

• The insured or the insured’s representative must submit accurate information.

II. DEFINITIONS

Flood. Requires surface water inundation of normally dry land from any source, including mudflow (see mudflow definition). Two acres or two or more properties must be inundated.

Actual Cash Value. Replacement cost value of the property minus depreciation (does not include antique value).

Application. Part of the policy; the application paragraph states that the insured must pay the correct premium.
5. **Basement.** Any area of the building, including any sunken room or sunken portion of a room, having its floor below ground level (subgrade) on all sides.

6. **Building.**
   a. A structure with two or more outside rigid walls and a fully secured roof, that is affixed to a permanent site;
   b. A manufactured home (a "manufactured home," also known as a mobile home, is a structure built on a permanent chassis, transported to its site in one or more sections, and affixed to a permanent foundation); or
   c. A travel trailer without wheels, built on a chassis and affixed to a permanent foundation, that is regulated under the community's floodplain management and building ordinances or laws.

   Building does not mean a gas or liquid storage tank or a recreational vehicle, park trailer, or other similar vehicle, except as described in B.a.c. above.

7. **Cancellation.** The ending of the insurance coverage provided by this policy before the expiration date.

8. **Condominium.** That form of ownership of real property in which each unit owner has an undivided interest in common elements.

9. **Condominium Association.** The entity made up of the owners responsible for the maintenance and operation of:
   a. Common elements owned in undivided shares by unit owners; and
   b. Other real property in which the unit owners have use rights;

where membership in the entity is a required condition of unit ownership.

10. **Declarations Page.** A computer-generated summary of information you provided in the application for insurance. The Declarations Page also describes the term of the policy, limits of coverage, and displays the premium and our name. The Declarations Page is a part of this flood insurance policy.

11. **Described Location.** The location where the insured building or personal property are found. The described location is shown on the Declarations Page.

12. **Direct Physical Loss By or From Flood.** Loss or damage to insured property, directly caused by a flood. There must be evidence of physical changes to the property.

13. **Elevated Building.** A building that has no basement and that has its lowest elevated floor raised above ground level by foundation walls, shear walls, posts, piers, pilings, or columns.

14. **Emergency Program.** The initial phase of a community's participation in the National Flood Insurance Program. During this phase, only limited amounts of insurance are available under the Act.

15. **Expense Constant.** A flat charge you must pay on each new or renewal policy to defray the expenses of the Federal Government related to flood insurance.

16. **Federal Policy Fee.** A flat charge you must pay on each new or renewal policy to defray certain administrative expenses incurred in carrying out the National Flood Insurance Program. This fee covers expenses not covered by the expense constant.

17. **Improvements.** Fixtures, alterations, installations, or additions comprising a part of the residential condominium building, including improvements in the units.

18. **Mudflow.** A river of liquid and flowing mud on the surfaces of normally dry land areas, as when earth is carried by a current of water. Other earth movements, such as landslide, slope failure, or a saturated soil mass moving by liquidity down a slope, are not mudflows.

19. **National Flood Insurance Program (NFIP).** The program of flood insurance coverage and floodplain management administered under the Act and applicable Federal regulations in Title 44 of the Code of Federal Regulations, Subchapter B.

20. **Policy.** The entire written contract between you and us. It includes:
   a. This printed form;
   b. The application and Declarations Page;
   c. Any endorsement(s) that may be issued; and
   d. Any renewal certificate indicating that coverage has been instituted for a new policy and new policy term.

Only one building, which you specifically described in the application, may be insured under this policy.

21. **Pollutants.** Substances that include, but are not limited to, any solid, liquid, gaseous, or thermal irritant or contaminant, including smoke, vapor, soot, fumes, acids, alkalis, chemicals, and wastes. "Waste" includes, but is not limited to, materials to be recycled, reconditioned, or reclaimed.
II. DEFINITIONS (continued)

**Basement.** Any area that is below the natural grade on all sides.

**Building.** A building must have at least two rigid walls and a roof. Liquid storage tanks and bubbles are not covered. Grain bins and silos are covered. Travel trailers without wheels and affixed to a permanent foundation are covered if regulated by local law.

**Condominium.** Ownership of real property in which each unit owner has an interest in the common elements.

**Condominium Association.** The association is comprised of unit owners who are responsible for the maintenance and operation of the common elements owned by the unit owners and other real property. This policy does not cover homeowner associations. The adjuster must check the by-laws if there is a question.

**Declarations Page.** A summary of information provided by the policyholder on the insurance application. The adjuster must verify the accuracy of the building description, as this may affect coverage.

**Described Location.** Shown on the Declarations Page.

**Direct Physical Loss By or From Flood.** Floodwaters must touch the insured property with the exception of seepage/hydrostatic pressure.

**Elevated Building.** This definition requires space between ground level and the lowest floor.

**Mudflow.** A surface river of liquid and flowing mud. Other earth movements such as landslide, slope failure, or saturated soil moving by liquidity are not mudflows. (The word “mudslide” no longer is used in the SFIP.)

**Pollutants.** Testing for or monitoring of pollutants is not covered unless required by law.
22. Post-FIRM Building. A building for which construction or substantial improvement occurred after December 31, 1974, or on or after the effective date of an initial Flood Insurance Rate Map (FIRM), whichever is later.

23. Probation Premium. A flat charge you must pay on each new or renewal policy issued covering property in a community that the NFIP has placed on probation under the provisions of 44 CFR 59.24.

24. Regular Program. The final phase of a community’s participation in the National Flood Insurance Program. In this phase, a Flood Insurance Rate Map is in effect and full limits of coverage are available under the Act.

25. Residential Condominium Building. A building, owned and administered as a condominium, containing one or more family units and in which at least 75 percent of the floor area is residential.

27. Unit. A single-family unit in a residential condominium building.

28. Valued Policy. A policy in which the insured and the insurer agree on the value of the property insured, that value being payable in the event of a total loss. The Standard Flood Insurance Policy is not a valued policy.

---

III. PROPERTY COVERED

A. COVERAGE A - BUILDING PROPERTY

We insure against direct physical loss by or from flood to:

1. The residential condominium building described on the Declarations Page at the described location, including all units within the building and the improvements within the units.

2. We also insure such building property for a period of 45 days at another location, as set forth in III.C.2.b., Property Removed to Safety.

3. Additions and extensions attached to and in contact with the building by means of a rigid exterior wall, a solid load-bearing interior wall, a stairway, an elevated walkway, or a roof. At your option, additions and extensions connected by any of these methods may be separately insured. Additions and extensions attached to and in contact with the building by means of a common interior wall that is not a solid load-bearing wall are always considered part of the building and cannot be separately insured.

4. The following fixtures, machinery, and equipment, which are covered under Coverage A only:

   a. Awnings and canopies;
   b. Blinds;
   c. Carpet permanently installed over unfinished flooring;
   d. Central air conditioners;
   e. Elevator equipment;
   f. Fire extinguishing apparatus;
   g. Fire sprinkler systems;
   h. Walk-in freezers;
   i. Furnaces;
   j. Light fixtures;
   k. Outdoor antennas and aerials fastened to buildings;
   l. Permanently installed cupboards, bookcases, paneling, and wallpaper;
   m. Pumps and machinery for operating pumps;
   n. Ventilating equipment;
   o. Wall mirrors, permanently installed; and
   p. In the units within the building, installed:

      (1) Built-in dishwashers;
      (2) Built-in microwave ovens;
      (3) Garbage disposal units;
      (4) Hot water heaters, including solar water heaters;
      (5) Kitchen cabinets;
      (6) Plumbing fixtures;
      (7) Radiators;
      (8) Ranges;
      (9) Refrigerators; and
      (10) Stoves.

5. Materials and supplies to be used for construction, alteration, or repair of the insured building while the materials and supplies are stored in a fully enclosed building at the described location or on an adjacent property.

6. A building under construction, alteration, or repair at the described location.

   a. If the structure is not yet walled or roofed as described in the definition for building (see II.B.6.a.), then coverage applies:

      (1) Only while such work is in progress; or
      (2) If such work is halted, only for a period of up to 90 continuous days thereafter.

Page 3 of 19
II. DEFINITIONS (continued)

**Post-FIRM Building.** Start of construction or substantial improvement after December 31, 1974, or on or after the publication of the initial Flood Insurance Rate Map (FIRM), whichever is later.

**Special Flood Hazard Area (SFHA).** All zones listed are SFHAs. However, the Post-FIRM coverage limitations apply only to Zones A1-A30, AE, AH, AR, AR/A, AR/AE, AR/AH, AR/A1-A30, V1-V30, and VE.

**Valued Policy.** This is not a valued policy, in any state.

III. PROPERTY COVERED

**COVERAGE A – BUILDING PROPERTY**

This policy covers only a residential condominium building including the units within the building and the improvements within the units.

Additions that are attached to and in contact with the risk by a rigid exterior wall, a solid load-bearing interior wall, a stairway, an elevated walkway, or a roof are covered.

A solid load-bearing interior wall cannot have any openings and must not provide access from one building or room into another (partial walls). If access is available through a doorway or opening, then the structure must be insured as one building. Other provisions are:

- At the insured’s option, the additions and extensions may be insured separately.
- A common interior wall that is not solid or load bearing necessitates one policy.

**Fixtures, Machinery, and Equipment.** The items in this list (RCBAP III. Property Covered, A. Coverage A – Building Property, 4.) are defined as building property and cannot be paid under contents coverage. The list of items in Paragraph 4 is not exclusive. If there are other items that fit this coverage, they can be included.

**Materials and Supplies.** Those used to alter, repair, or construct the insured building must be in a fully enclosed building at the property address or an adjacent property.

**Building Under Construction.** The deductible is doubled and, if there is no work on the building for a period of 90 continuous days, coverage ceases until such time as work is resumed. There is no coverage for a building under construction before it is walled and roofed when the building is Post-FIRM and the basement floor or lowest elevated floor is below Base Flood Elevation in any of Zones AH, AE, A1-A30, AR, AR/AE, AR/AH, AR/A1-A30, AR/A, or AR/AO, or below Base Flood Elevation adjusted for wave action in any of Zones VE or V1-V30.
b. However, coverage does not apply until the building is walled and roofed if the lowest floor, including the basement floor, of a non-elevated building or the lowest elevated floor of an elevated building is:

(2) Below the base flood elevation adjusted to include the effect of wave action in Zones VE or V1-V30.

The lowest floor levels are based on the bottom of the lowest horizontal structural member of the floor in Zones VE or V1-V30 and the top of the floor in Zones AH, AE, A1-A30, AR, AR/SE, AR/AH, AR/A1-A30, AR/A, AR/AR.

7. A manufactured home or a travel trailer as described in the Definitions section (see II.B.6.b. and II.B.6.c.)

If the manufactured home is in a special flood hazard area, it must be anchored in the following manner at the time of the loss:

a. By over-the-top or frame ties to ground anchors; or

b. In accordance with the manufacturer's specifications; or

c. In compliance with the community's floodplain management requirements;

unless it has been continuously insured by the NFIP at the same described location since September 30, 1982.

8. Items of property in a building enclosure below the lowest elevated floor of an elevated post-FIRM building located in Zones A1-A30, AE, AH, AR, AR/SE, AR/AH, AR/A1-A30, V1-V30, or VE, or in a basement, regardless of the zone. Coverage is limited to the following:

a. Any of the following items, if installed in their functioning locations and, if necessary for operation, connected to a power source:

(1) Central air conditioners;

(2) Cisterns and the water in them;

(3) Drywall for walls and ceilings in a basement and the cost of labor to nail it, unfinished and unfloated and not taped, to the framing;

(4) Electrical junction and circuit breaker boxes;

(5) Electrical outlets and switches;

(6) Elevators, dumbwaiters and related equipment, except for related equipment installed below the base flood elevation after September 30, 1987;

(7) Fuel tanks and the fuel in them;

b. Furnaces and hot water heaters;

(9) Heat pumps;

(10) Nonflammable insulation in a basement;

(11) Pumps and tanks used in solar energy systems;

(12) Stairways and staircases attached to the building, not separated from it by elevated walkways;

(13) Sump pumps;

(14) Water softeners and the chemicals in them, water filters, and faucets installed as an integral part of the plumbing system;

(15) Well water tanks and pumps;

(16) Required utility connections for any item in this list; and

(17) Footings, foundations, posts, pilings, piers, or other foundation walls and anchorage systems required to support a building.

b. Clean-up.

B. COVERAGE B - PERSONAL PROPERTY

1. If you have purchased personal property coverage, we insure, subject to B.2. and B.3., below, against direct physical loss by or from flood to personal property that is inside the fully enclosed insured building and is:

a. Owned by the unit owners of the condominium association in common, meaning property in which each unit owner has an undivided ownership interest; or

b. Owned solely by the condominium association and used exclusively in the conduct of the business affairs of the condominium association.

We also insure such personal property for 45 days while stored at a temporary location, as set forth in III.C.2.b., Property Removed to Safety.

2. Coverage for personal property includes the following property, subject to paragraph B.1. above, which is covered under Coverage B only:

a. Air conditioning units, portable or window type;

b. Carpet, not permanently installed, over unfinished flooring;

c. Carpets over finished flooring;

d. Clothes washers and dryers;

e. "Cook-out" grills;

f. Food freezers, other than walk-in, and food in any freezer;

g. Outdoor equipment and furniture stored inside the insured building;

h. Ovens and the like; and

i. Portable microwave ovens and portable dishwashers.
III. PROPERTY COVERED (continued)

COVERAGE B – PERSONAL PROPERTY

Contents coverage must be purchased separately, and a separate deductible is applied.

Contents must be owned by the unit owner who has ownership interest, or be owned solely by the condominium association and used exclusively for the association’s business.

Contents are covered while stored in the enclosed building at the property address. Flotation of contents out of a building that has fewer than four rigid walls is not covered.

Read RCBAP III.C.2.b. Property Removed to Safety.

The policy lists items that must always be considered contents (RCBAP III.B.2.). The policy also lists contents items covered in a basement or beneath the lowest elevated floor of a Post-FIRM elevated building (RCBAP III.B.3.).
3. Coverage for items of property in a **building** enclosure lower than the lowest elevated floor of an **elevated post-FIRM building** located in Zones A1-A30, AE, AH, AR, AR/A, AR/IA, AR/IAE, AR/AH, AR/A1-A30, V1-V30, or VE, or in a **basement**, regardless of the zone, is limited to the following items, if installed in their functioning locations and, if necessary for operation, connected to a power source:

   a. Air conditioning units, portable or window type;  
   b. Clothes washers and dryers; and  
   c. Food freezers, other than walk-in, and food in any freezer.

4. **Special Limits.** We will pay no more than $2,500 for any one loss to one or more of the following kinds of personal property:

   a. Artwork, photographs, collectibles, or memorabilia, including but not limited to, porcelain or other figures, and sports cards;  
   b. Rare books or autographed items;  
   c. Jewelry, watches, precious and semiprecious stones, or articles of gold, silver, or platinum; or  
   d. Furs or any article containing fur which represents its principal value.

5. We will pay only for the functional value of antiques.

**C. COVERAGE C - OTHER COVERAGES**

1. **Debris Removal**
   
   a. We will pay the expense to remove non-owned debris on or in insured property and owned debris anywhere.
   
   b. If you or a member of your household perform the removal work, the value of your work will be based on the Federal minimum wage.
   
   c. This coverage does not increase the Coverage A or Coverage B limit of liability.

2. **Loss Avoidance Measures**
   
   a. **Sandbags, Supplies, and Labor**
      
      (1) We will pay up to $1,000 for the costs you incur to protect the insured **building** from a **flood** or imminent danger of **flood** for the following:

      (i) Your reasonable expenses to buy:

         (I) Sandbags, including sand to fill them;  

(2) This coverage for Sandbags, Supplies, and Labor applies only if damage to insured property by or from **flood** is imminent and the threat of **flood** damage is apparent enough to lead a person of common prudence to anticipate **flood** damage. One of the following must also occur:

   a. A general and temporary condition of flooding in the area near the described location must occur, even if the **flood** does not reach the insured **building**; or  
   b. A legally authorized official must issue an evacuation order or other civil order for the community in which the insured **building** is located calling for measures to preserve life and property from the peril of **flood**.

   This coverage does not increase the Coverage A or Coverage B limit of liability.

b. **Property Removed to Safety**

   (1) We will pay up to $1,000 for the reasonable expenses you incur to move insured property to a place other than the described location that contains the property in order to protect it from **flood** or the imminent danger of **flood**.

   Reasonable expenses include the value of work, at the Federal minimum wage, that you perform.

   (2) If you move insured property to a location other than the described location that contains the property, in order to protect it from **flood** or the imminent danger of **flood**, we will cover such property while at that location for a period of 45 consecutive days from the date you begin to move it there. The personal property that is moved must be placed in a fully enclosed **building** or otherwise reasonably protected from the elements.
III. PROPERTY COVERED (continued)

COVERAGE B – PERSONAL PROPERTY (continued)

Special Limits. A total of $2,500 is the maximum payment allowed for artwork, rare books, jewelry, furs, or any article containing fur, which represents its principal value. This maximum payment also extends to the following:

- Photographs
- Collectibles
- Memorabilia
- Porcelain or other figures and sports cards
- Autographed items
- Watches
- Precious and semiprecious stones
- Articles of gold, silver, or platinum

Antiques. Coverage is provided only for the functional value of antiques.

COVERAGE C – OTHER COVERSAGES

Debris Removal. Insured property means property we insure—i.e., the described building and covered contents. The described premises includes the lot, which is not covered.

Coverage extends to insured property anywhere and to non-owned debris from beyond the insured premises or on or in the insured property. Non-covered items such as contents in a basement are excluded from debris removal coverage.

Loss Mitigation. Expenses are covered up to $1,000 per measure; no deductible applies. Loss mitigation measures are described below.

a. Sandbags, Supplies, and Labor

- Sandbags, including sand
- Fill for temporary levees
- Pumps
- Plastic sheeting and lumber used in connection with these items
- Labor (Members of family can be paid for labor at the federal minimum wage.)

This coverage applies only under Coverage A – Building Property.

b. Property Removed to Safety. A maximum of $1,000 can be paid to move insured property to another place other than the described location above ground or outside the SFHA to preserve it from flood. If the property removed is a manufactured (mobile) home or travel trailer, coverage extends to it for 45 days even if it is not on a foundation.
Any property removed, including a moveable home described in Definition 6. Building paragraphs b. and c. must be placed above ground level or outside of the special flood hazard area.

This coverage does not increase the Coverage A or Coverage B limit of liability.

D. COVERAGE D - INCREASED COST OF COMPLIANCE

1. General

This policy pays you to comply with a State or local floodplain management law or ordinance affecting repair or reconstruction of a structure suffering flood damage. Compliance activities eligible for payment are: elevation, floodproofing, relocation, or demolition (or any combination of these activities) of your structure. Eligible floodproofing activities are limited to:

a. Nonresidential structures.

b. Residential structures with basements that satisfy FEMA's standards published in the Code of Federal Regulations [44 CFR 60.6 (b) or (c)].

2. Limit of Liability

We will pay you up to $20,000 under this Coverage D - Increased Cost of Compliance, which only applies to policies with building coverage (Coverage A). Our payment of claims under Coverage D is in addition to the amount of coverage which you selected on the application and which appears on the Declarations Page. But the maximum you can collect under this policy for both Coverage A - Building Property and Coverage D - Increased Cost of Compliance cannot exceed the maximum permitted under the Act. We do not charge a separate deductible for a claim under Coverage D.

3. Eligibility

a. A structure covered under Coverage A - Building Property sustaining a loss caused by a flood as defined by this policy must:

(1) Be a "repetitive loss structure." A repetitive loss structure is one that meets the following conditions:

(a) The structure is covered by a contract of flood insurance issued under the NFIP.

(b) The structure has suffered flood damage on two occasions during a 10-year period which ends on the date of the second loss.

(c) The cost to repair the flood damage, on average, equaled or exceeded 25 percent of the market value of the structure at the time of each flood loss.

(d) In addition to the current claim, the NFIP must have paid the previous qualifying claim, and the State or community must have a cumulative, substantial damage provision or repetitive loss provision in its floodplain management law or ordinance being enforced against the structure,

(2) Be a structure that has had flood damage in which the cost to repair equals or exceeds 50 percent of the market value of the structure at the time of the flood. The State or community must have a substantial damage provision in its floodplain management law or ordinance being enforced against the structure.

b. This Coverage D pays you to comply with State or local floodplain management laws or ordinances that meet the minimum standards of the National Flood Insurance Program found in the Code of Federal Regulations at 44 CFR 60.3. We pay for compliance activities that exceed those standards under these conditions:

(1) 3.a.(1) above.

(2) Elevation or floodproofing in any risk zone to preliminary or advisory base flood elevations provided by FEMA which the State or local government has adopted and is enforcing for flood-damaged structures in such areas. This includes compliance activities in B, C, X, or D zones which are being changed to zones with base flood elevations. This also includes compliance activities in zones where base flood elevations are being increased, and a flood-damaged structure must comply with the higher advisory base flood elevation. Increased Cost of Compliance coverage does not apply to situations in B, C, X, or D zones where the community has derived its own elevations and is enforcing elevation or floodproofing requirements for flood-damaged structures to elevations derived solely by the community.

(3) Elevation or floodproofing above the base flood elevation to meet State or local "freeboard" requirements, i.e., that a structure must be elevated above the base flood elevation.
III. PROPERTY COVERED (continued)

COVERAGE C – OTHER COVERAGE (continued)

Other provisions regarding property removed to safety are:

- Contents must be placed in a fully enclosed building or otherwise reasonably protected and moved temporarily away from the peril of flood.
- Coverage extends for 45 days at another place.
- No deductible applies.

Removed property is covered for damage by flood only. Any property removed, including a moveable home described in RCBAP II.B.6.b. and c., must be placed above ground level or outside of the SFHA. See Dwelling Form III.C.2.b. and General Property Form III.C.2.b.

COVERAGE D – INCREASED COST OF COMPLIANCE

This coverage is available for new policies and renewals on or after June 1, 1997.

The maximum amount for Increased Cost of Compliance (ICC) coverage after May 1, 2000, is $20,000 used for floodproofing, demolition, elevation, or relocation of the structure, or a combination of these. It is an additional amount of insurance above building limits of liability, but we cannot pay more than the law allows.

Structures that are in an SFHA and are declared by the local community to be substantially flood-damaged by 50 percent of their market value are eligible. An ICC claim must not be opened until the local official has declared in writing that the structure is substantially damaged.

On ICC claims for structures in B, C, X, D, unnumbered A and V, and A99 zones, the adjuster needs to obtain a written statement explaining why the local official is requiring an ICC activity.

For communities that have cumulative damage language in their ordinance, the building must have sustained two losses in 10 years, averaging 25 percent. The adjuster must verify that the community has such language in the ordinance. The adjuster must also verify that NFIP claim payments were issued to the insured for both qualifying losses.
c. Under the minimum NFIP criteria at 44 CFR 60.3 (b)(4), States and communities must require the elevation or floodproofing of structures in unnumbered A zones to the base flood elevation where elevation data is obtained from a Federal, State, or other source. Such compliance activities are also eligible for Coverage D.

d. This coverage will also pay for the incremental cost, after demolition or relocation, of elevating or floodproofing a structure during its rebuilding at the same or another site to meet State or local floodplain management laws or ordinances, subject to Exclusion D.5.g, below.

e. This coverage will also pay to bring a flood-damaged structure into compliance with State or local floodplain management laws or ordinances even if the structure had received a variance before the present loss from the applicable floodplain management requirements.

4. Conditions

a. When a structure covered under Coverage A - Building Property sustains a loss caused by a flood, our payment for the loss under this Coverage D will be for the increased cost to elevate, floodproof, relocate, or demolish (or any combination of these activities) caused by the enforcement of current State or local floodplain management ordinances or laws. Our payment for eligible demolition activities will be for the cost to demolish and clear the site of the building debris or a portion thereof caused by the enforcement of current State or local floodplain management ordinances or laws. Eligible activities for the cost of clearing the site will include those necessary to discontinue utility service to the site and ensure proper abandonment of on-site utilities.

b. When the building is repaired or rebuilt, it must be intended for the same occupancy as the present building unless otherwise required by current floodplain management ordinances or laws.

5. Exclusions

Under this Coverage D - Increased Cost of Compliance we will not pay for:

a. The cost to comply with any floodplain management law or ordinance in communities participating in the Emergency Program.

b. The cost associated with enforcement of any ordinance or law that requires any insured or others to test for, monitor, clean up, remove, contain, treat, detoxify or neutralize, or in any way respond to, or assess the effects of pollutants.

c. The loss in value to any insured building or other structure due to the requirements of any ordinance or law.

d. The loss in residual value of the undamaged portion of a building demolished as a consequence of enforcement of any State or local floodplain management law or ordinance.

e. Any Increased Cost of Compliance under this Coverage D:

(1) Until the building is elevated, floodproofed, demolished, or relocated on the same or to another premises, and

(2) Unless the building is elevated, floodproofed, demolished, or relocated as soon as reasonably possible after the loss, not to exceed 2 years.

f. Any code upgrade requirements, e.g., plumbing or electrical wiring, not specifically related to the State or local floodplain management law or ordinance.

g. Any compliance activities needed to bring additions or improvements made after the loss occurred into compliance with State or local floodplain management laws or ordinances.

h. Loss due to any ordinance or law that you were required to comply with before the current loss.

i. Any rebuilding activity to standards that do not meet the NFIPs minimum requirements. This includes any situation where the insured has received from the State or community a variance in connection with the current flood loss to rebuild the property to an elevation below the base flood elevation.

j. Increased Cost of Compliance for a garage or carport.

k. Any structure insured under an NFIP Group Flood Insurance Policy.

l. Assessments made by a condominium association on individual condominium unit owners to pay increased costs of repairing commonly owned buildings after a flood in compliance with State or local floodplain management ordinances or laws.

6. Other Provisions

a. Increased Cost of Compliance coverage will not be included in the calculation to determine whether coverage meets the coinsurance
III. PROPERTY COVERED (continued)

COVERAGE D – INCREASED COST OF COMPLIANCE (continued)

Under ICC, even if a local ordinance or law requires the testing, monitoring, clean-up, removal, containment, treatment, detoxification, or neutralization of pollutants, there is no coverage.

The adjuster must complete the Adjuster Preliminary Damage Assessment form (shown on page A-5 in the Appendix) on a daily basis as needed and fax it to the NFIP Bureau and Statistical Agent's Claims Department at 1-800-457-4232.
IV. PROPERTY NOT COVERED

We do not cover any of the following property:

1. Personal property not inside the fully enclosed building.

2. A building, and personal property in it, located entirely in, on, or over water or seaward of mean high tide, if constructed or substantially improved after September 30, 1982;

3. Open structures, including a building used as a boathouse or any structure or building into which boats are floated, and personal property located in, on, or over water;

4. Recreational vehicles other than travel trailers described in II.B.6.c., whether affixed to a permanent foundation or on wheels;

5. Self-propelled vehicles or machines, including their parts and equipment. However, we do cover self-propelled vehicles or machines not licensed for use on public roads that are:
   a. Used mainly to service the described location, or
   b. Designed and used to assist handicapped persons,
   while the vehicles or machines are inside a building at the described location;

6. Land, land values, lawns, trees, shrubs, plants, growing crops, or animals;

7. Accounts, bills, coins, currency, deeds, evidences of debt, medals, money, scrip, stored value cards, postage stamps, securities, bullion, manuscripts, or other valuable papers;

8. Underground structures and equipment, including wells, septic tanks, and septic systems;

9. Those portions of walks, walkways, decks, driveways, patios, and other surfaces, all whether protected by a roof or not, located outside the perimeter, exterior walls of the insured building;

10. Containers, including related equipment, such as, but not limited to, tanks containing gases or liquids;

11. Buildings and all their contents if more than 49 percent of the actual cash value of the building is below ground, unless the lowest level is at or above the base flood elevation and is below ground by reason of earth having been used as insulation material in conjunction with energy efficient building techniques;

12. Fences, retaining walls, seawalls, bulkheads, wharves, piers, bridges, and docks;

13. Aircraft or watercraft, or their furnishings and equipment;

14. Hot tubs and spas that are not bathroom fixtures, and swimming pools, and their equipment such as, but not limited to, heaters, filters, pumps, and pipes, wherever located;

15. Property not eligible for flood insurance pursuant to the provisions of the Coastal Barrier Resources Act and the Coastal Barrier Improvement Act of 1990 and amendments to these acts;

16. Personal property used in connection with any incidental commercial occupancy or use of the building.

V. EXCLUSIONS

A. We only pay for direct physical loss by or from flood, which means that we do not pay you for:

1. Loss of revenue or profits;

2. Loss of access to the insured property or described location;

3. Loss of use of the insured property or described location;

4. Loss from interruption of business or production;

5. Any additional living expenses incurred while the insured building is being repaired or is unable to be occupied for any reason;
IV. PROPERTY NOT COVERED

Building or Personal Property Entirely in, on, or over Water or Seaward of Mean High Tide. No coverage is provided if the building was constructed or substantially improved after September 30, 1982.

Recreational Vehicles. Excluded from coverage except travel trailers defined in RCBAP II.B.6.c.

Self-Propelled Vehicles or Machines. Excluded except those used to service the described location or designed and used to assist handicapped persons. The vehicles or machines must be located inside the building at the described location.

Containers. Fuel tanks and well water tanks are not covered outside a basement, elevated building enclosure, or the insured building. Tanks containing other liquids or gases are not covered.

Swimming Pools, Hot Tubs, and Spas. These and their equipment are not covered, except that spas and hot tubs are covered if they are bathroom fixtures.

Coastal Barrier Resources Act (CBRA). It is the adjuster’s responsibility not to recommend payment for buildings and their contents made ineligible by CBRA legislation, as it is against the law to insure such buildings. These should be referred to Underwriting for a coverage determination.

V. EXCLUSIONS

Loss of Revenue or Profit, Loss of Access, Loss of Use, Business Interruption, and Additional Living Expenses. We will not pay for these.
6. The cost of complying with any ordinance or law requiring or regulating the construction, demolition, remodeling, renovation, or repair of property, including removal of any existing debris. This exclusion does not apply to any eligible activities that we describe in Coverage D - Increased Cost of Compliance; or

7. Any other economic loss.

B. We do not insure a loss directly or indirectly caused by a flood that is already in progress at the time and date:

1. The policy term begins; or

2. Coverage is added at your request.

C. We do not insure for loss to property caused directly by earth movement even if the earth movement is caused by flood. Some examples of earth movement that we do not cover are:

1. Earthquake;

2. Landslide;

3. Land subsidence;

4. Sinkholes;

5. Destabilization or movement of land that results from accumulation of water in subsurface land areas, or

We do, however, pay for losses from mudflow and land subsidence as a result of erosion that are specifically covered under our definition of flood (see II.A.1.c. and II.A.2.c.).

D. We do not insure for direct physical loss caused directly or indirectly by:

1. The pressure or weight of ice;

2. Freezing or thawing;

3. Rain, snow, sleet, hail, or water spray;

4. Water, moisture, mildew, or mold damage that results primarily from any condition:
   a. Substantially confined to the insured building; or

5. That is within your control including, but not limited to:
   a. Design, structural, or mechanical defects;
   b. Failure, stoppage, or breakage of water or sewer lines, drains, pumps, fixtures, or equipment; or
   c. Failure to inspect and maintain the property after a flood recedes;

5. Water or waterborne material that:
   a. Backs up through sewers or drains;
   b. Discharges or overflows from a sump, sump pump, or related equipment; or
   c. Seeps or leaks on or through insured property;

   unless there is a flood in the area and the flood is the proximate cause of the sewer or drain backup, sump pump discharge or overflow, or the seepage of water;

6. The pressure or weight of water unless there is a flood in the area and the flood is the proximate cause of the damage from the pressure or weight of water;

7. Power, heating, or cooling failure unless the failure results from direct physical loss by or from flood to power, heating, or cooling equipment situated on the described location;

8. Theft, fire, explosion, wind, or windstorm;

9. Anything you or your agents do or conspire to do to cause loss by flood deliberately; or

10. Alteration of the insured property that significantly increases the risk of flooding.

E. We do not insure for loss to any building or personal property located on land leased from the Federal Government, arising from or incident to the flooding of the land by the Federal Government, where the lease expressly holds the Federal Government harmless under flood insurance issued under any Federal Government program.

F. We do not pay for the testing for or monitoring of pollutants unless required by law or ordinance.

VI. DEDUCTIBLES

A. When a loss is covered under this policy, we will pay only that part of the loss that exceeds the applicable deductible amount, subject to the limit of insurance that applies. The deductible amount is shown on the Declarations Page.

However, when a building under construction, alteration, or repair does not have at least two rigid exterior walls and a fully secured roof at the time of loss, your deductible amount will be two times the deductible that would otherwise apply to a completed building.
V. EXCLUSIONS (continued)

Coverage is not provided for the cost of complying with any ordinance or law except those described in D. Coverage D – Increased Cost of Compliance.

Loss in Progress. Not covered (Paragraph B.).

Single Peril. Paragraph C. makes it clear that this is a single-peril policy. Earth movement caused by flood is excluded. This includes but is not limited to earthquake, landslide, land subsidence, sinkholes, destabilization, or movement of land resulting from the accumulation of water in subsurface land areas, and gradual erosion.

Land subsidence is covered if it is caused by erosion as specified in the definition of flood (see RCBAP II.A.2.).

Water, Moisture, Mildew, or Mold Damage. Not covered when caused by a condition substantially confined to the building, or within the insured’s control, which includes design, structural, or mechanical defects; failure, stoppage, or breakage of water or sewer lines, drains, pumps, fixtures, or equipment; or the insured’s failure to adequately inspect and maintain the property after the flood waters recede. (For additional information about mold damage, see Subsection VIII.B’. of this manual.)

Water or Waterborne Materials. Damage from water or waterborne materials that cause sewers or drains to back up, including the discharge or overflow of water from a sump, sump pump, or any related equipment, is not covered. However, if there is a general and temporary condition of flooding in the area and the flood is the proximate cause of the sewer, drain, or sump pump back-up and is the proximate cause of the seepage of water, then coverage is provided.

Other Water Damage. Damage to the covered property from a roof leak or wind-driven rain is not covered.

Power Failure. Only losses resulting from power, heating, or cooling equipment failure, if the failure was caused by flood and the failing equipment was located on the described location, are covered. Power failures occurring off the described location due to flood and causing damage to insured heating or cooling equipment or any other insured property are not covered. If the power is intentionally turned off by the insured, there is no coverage.

Note: Federal government lease exclusion.

Pollutants. Testing for or monitoring of pollutants is not covered unless required by law.

VI. DEDUCTIBLES

The deductible is doubled for a building under construction. (Per RCBAP III.A.6.a.(2), if there is no work on the building for a period of 90 continuous days, coverage ceases until such time as work is resumed.)
B. In each loss from **flood**, separate deductibles apply to the **building** and personal property insured by this **policy**.

C. No deductible applies to:
1. **III.C.2.** Loss Avoidance Measures; or
2. **III.D.** Increased Cost of Compliance.

---

**VII. COINSURANCE**

**A.** This Coinsurance section applies only to coverage on the **building**.

**B.** We will impose a penalty on loss payment unless the amount of insurance applicable to the damaged **building** is:

1. At least 80 percent of its replacement cost; or
2. The maximum amount of insurance available for that **building** under the **NFIP**, whichever is less.

**C.** If the actual amount of insurance on the **building** is less than the required amount in accordance with the terms of **VII.B.** above, then loss payment is determined as follows (subject to all other relevant conditions in this **policy**, including those pertaining to valuation, adjustment, settlement, and payment of loss):

1. Divide the actual amount of insurance carried on the **building** by the required amount of insurance.
2. Multiply the amount of loss, before application of the deductible, by the figure determined in **C.1.** above.
3. Subtract the deductible from the figure determined in **C.2.** above.

We will pay the amount determined in **C.3.** above, or the amount of insurance carried, whichever is less. The amount of insurance carried, if in excess of the applicable maximum amount of insurance available under the **NFIP**, is reduced accordingly.

**Examples**

**Example #1 (Inadequate Insurance)**

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Replacement value of the <strong>building</strong></td>
<td>$250,000</td>
</tr>
<tr>
<td>Required amount of insurance</td>
<td>$200,000</td>
</tr>
<tr>
<td>(80% of replacement value of $250,000)</td>
<td></td>
</tr>
<tr>
<td>Actual amount of insurance carried</td>
<td>$160,000</td>
</tr>
<tr>
<td>Amount of the loss</td>
<td>$150,000</td>
</tr>
<tr>
<td>Deductible</td>
<td>$500</td>
</tr>
</tbody>
</table>

**Step 1:**

\[ 180,000 \div 200,000 = .90 \]

(90% of what should be carried)

**Step 2:**

\[ 150,000 \times .90 = 135,000 \]

**Step 3:**

\[ 135,000 - 500 = 134,500 \]

We will pay no more than $134,500. The remaining $15,500 is not covered due to the coinsurance penalty ($15,000) and application of the deductible ($500).

**Example #2 (Adequate Insurance)**

<table>
<thead>
<tr>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>Replacement value of the <strong>building</strong></td>
<td>$500,000</td>
</tr>
<tr>
<td>Required amount of insurance</td>
<td>$400,000</td>
</tr>
<tr>
<td>(80% of replacement value of $500,000)</td>
<td></td>
</tr>
<tr>
<td>Actual amount of insurance carried</td>
<td>$400,000</td>
</tr>
<tr>
<td>Amount of the loss</td>
<td>$200,000</td>
</tr>
<tr>
<td>Deductible</td>
<td>$500</td>
</tr>
</tbody>
</table>

In this example there is no coinsurance penalty, because the actual amount of insurance carried meets the required amount. We will pay no more than $199,500 ($200,000 amount of loss minus the $500 deductible).

**D.** In calculating the full replacement cost of a **building**:

1. The replacement cost value of any covered **building** property will be included;
2. The replacement cost value of any **building** property not covered under this **policy** will not be included; and
3. Only the replacement cost value of **improvements** installed by the **condominium association** will be included.
VI. DEDUCTIBLES (continued)

There are separate deductibles for the structure and personal property ranging from $500 to $5,000.

VII. COINSURANCE

Coinsurance is applied only to the building portion of the claim.

We will reduce any loss payment unless the amount of insurance applicable to the damaged building is the lesser of:

- At least 80 percent of its replacement cost; or
- The maximum amount of insurance available for that building under the RCBAP.
VIII. GENERAL CONDITIONS

A. Pairs and Sets
In case of loss to an article that is part of a pair or set, we will have the option of paying you:

1. An amount equal to the cost of replacing the lost, damaged, or destroyed article, less depreciation; or

2. An amount that represents the fair proportion of the total value of the pair or set that the lost, damaged, or destroyed article bears to the pair or set.

B. Concealment or Fraud and Policy Voidance
1. With respect to all insureds under this policy, this policy:
   a. Is void;
   b. Has no legal force or effect;
   c. Cannot be renewed; and
   d. Cannot be replaced by a new NFIP policy.

   if, before or after a loss, you or any other insured or your agent have at any time:
   (1) Intentionally concealed or misrepresented any material fact or circumstance;
   (2) Engaged in fraudulent conduct; or
   (3) Made false statements;

   relating to this policy or any other NFIP insurance.

2. This policy will be void as of the date the wrongful acts described in B.1. above were committed.

3. Fines, civil penalties, and imprisonment under applicable Federal laws may also apply to the acts of fraud or concealment described above.

4. This policy is also void for reasons other than fraud, misrepresentation, or wrongful act. This policy is void from its inception and has no legal force under the following conditions:
   a. If the property listed on the application is otherwise not eligible for coverage under the NFIP.

C. Other Insurance
1. If a loss covered by this policy is also covered by other insurance that includes flood coverage not issued under the Act, we will not pay more than the amount of insurance that you are entitled to for lost, damaged, or destroyed property insured under this policy subject to the following:
   a. We will pay only the proportion of the loss that the amount of insurance that applies under this policy bears to the total amount of insurance covering the loss, unless C.1.b. or c. immediately below applies.
   b. If the other policy has a provision stating it is excess insurance, this policy will be primary.
   c. This policy will be primary (but subject to its own deductible) up to the deductible in the other flood policy (except another policy as described in C.1.b. above). When the other deductible amount is reached, this policy will participate in the same proportion that the amount of insurance under this policy bears to the total amount of both policies, for the remainder of the loss.

2. If there is a flood insurance policy in the name of a unit owner that covers the same loss as this policy, then this policy will be primary.

D. Amendments, Waivers, Assignment
This policy cannot be changed nor can any of its provisions be waived without the express written consent of the Federal Insurance Administrator. No action that we take under the terms of this policy constitutes a waiver of any of our rights. You may assign this policy in writing when you transfer title of your property to someone else, except under these conditions:

1. When this policy covers only personal property; or
2. When this policy covers a structure during the course of construction.

E. Cancellation of Policy by You
1. You may cancel this policy in accordance with the applicable rules and regulations of the NFIP.
2. If you cancel this policy, you may be entitled to a full or partial refund of premium also under the applicable rules and regulations of the NFIP.
VIII. GENERAL CONDITIONS

**Pairs and Sets.** We pay for the one item damaged, or the fair proportion of the value of the pair or set.

**Concealment or Fraud and Policy Voidance.** This and any other NFIP flood policy can be voided if the insured commits fraud. The adjuster must report to the insurer any discrepancies on the Narrative Report form (shown on page A-25 in the Appendix). If there is a misrating, this needs to be corrected and the correct premium paid before the claim can be settled. The necessary premium must be paid in order for the requested limits of liability to be applicable.

**Other Insurance.** This policy is primary over all other policies that clearly state they are excess. If the other policy does not state it is excess, this policy is primary up to the other policy’s deductible, subject to this policy’s deductible; once our payment reaches the other deductible amount, the coverage becomes pro-rata. (See examples in Section VII. of this manual, Basic Adjustment Issues, following.)
F. Nonrenewal of the Policy by Us

Your policy will not be renewed:

1. If the community where your covered property is located stops participating in the NFIP; or

2. If your building has been declared ineligible under Section 1316 of the Act.

G. Reduction and Reformation of Coverage

1. If the premium we received from you was not enough to buy the kind and amount of coverage you requested, we will provide only the amount of coverage that can be purchased for the premium payment we received.

2. The policy can be reformed to increase the amount of coverage resulting from the reduction described in G.1. above to the amount you requested as follows:
   
a. Discovery of insufficient premium or incomplete rating information before a loss.

(1) If we discover after you have a flood loss that your premium payment was not enough to buy the requested amount of coverage, we will send you and any mortgagee or trustee known to us a bill for the required additional premium for the current policy term (or that portion of the current policy term following any endorsement changing the amount of coverage). If you or the mortgagee or trustee pay the additional premium within 30 days from the date of our bill, we will reform the policy to increase the amount of coverage to the originally requested amount effective to the beginning of the current policy term (or subsequent date of any endorsement changing the amount of coverage).

(2) If we determine before you have a flood loss that the rating information we have is incomplete and prevents us from calculating the additional premium, we will ask you to send the required information. You must submit the information within 60 days of our request. Once we determine the amount of additional premium for the current policy term, we will follow the procedure in G.2.a.(1) above.

(3) If we do not receive the additional premium by the date it is due, your flood insurance claim will be settled based on the reduced amount of coverage. The amount of coverage can only be increased by endorsement subject to any appropriate waiting period.

3. However, if we find that you or your agent intentionally did not tell us, or falsified, any important fact or circumstance or did anything fraudulent relating to this insurance, the provisions of Condition B. Concealment or Fraud and Policy Voidance apply.

H. Policy Renewal

1. This policy will expire at 12:01 a.m. on the last day of the policy term.

2. We must receive the payment of the appropriate renewal premium within 30 days of the expiration date.

3. If we find, however, that we did not place your renewal notice into the U.S. Postal Service, or if we did mail it, we made a mistake, e.g., we used an incorrect, incomplete, or illegible address, which delayed its delivery to you before the due date for the renewal premium, then we will follow these procedures:
   
a. Discovery of insufficient premium or incomplete rating information after a loss.
VIII. GENERAL CONDITIONS (continued)

Nonrenewal of the Policy by Us. The policy will not be renewed if the community in which the insured property is located stops participating in the NFIP or if the building has been declared ineligible under Section 1316 of the National Flood Insurance Act of 1968, as amended.

Reduction and Reformation of Coverage. The coverage amounts will be reduced if it is discovered that the premium was insufficient; if the amount of additional premium can be determined, the insured has 30 days to pay the additional premium.
date, which will be 30 days after the date on which the bill is mailed.

b. If we do not receive the premium requested in the second bill by the revised due date, then we will not renew the policy. In that case, the policy will remain an expired policy as of the expiration date shown on the Declarations Page.

4. In connection with the renewal of this policy, we may ask you during the policy term to recertify on a Recertification Questionnaire that we will provide you, the rating information used to rate your most recent application for or renewal of insurance.

I. Conditions Suspending or Restricting Insurance

We are not liable for loss that occurs while there is a hazard that is increased by any means within your control or knowledge.

J. Requirements in Case of Loss

In case of a flood loss to insured property, you must:

1. Give prompt written notice to us;

2. As soon as reasonably possible, separate the damaged and undamaged property, putting it in the best possible order so that we may examine it;

3. Prepare an inventory of damaged personal property showing the quantity, description, actual cash value, and amount of loss. Attach all bills, receipts, and related documents;

4. Within 60 days after the loss, send us a proof of loss, which is your statement of the amount you are claiming under the policy signed and sworn to by you, and which furnishes us with the following information:

   a. The date and time of loss;

   b. A brief explanation of how the loss happened;

   c. Your interest (for example, "owner") and the interest, if any, of others in the damaged property;

   d. Details of any other insurance that may cover the loss;

   e. Changes in title or occupancy of the insured property during the term of the policy;

   f. Specifications of damaged insured buildings and detailed repair estimates;

   g. Names of mortgagees or anyone else having a lien, charge, or claim against the insured property;

   h. Details about who occupied any insured building at the time of loss and for what purpose; and

   i. The inventory of damaged personal property described in J.3. above.

5. In completing the proof of loss, you must use your own judgment concerning the amount of loss and justify that amount.

6. You must cooperate with the adjuster or representative in the investigation of the claim.

7. The insurance adjuster whom we hire to investigate your claim may furnish you with a proof of loss form, and she or he may help you complete it. However, this is a matter of courtesy only, and you must still send us a proof of loss within 60 days after the loss even if the adjuster does not furnish the form or help you complete it.

8. We have not authorized the adjuster to approve or disapprove claims or to tell you whether we will approve your claim.

9. At our option, we may accept the adjuster’s report of the loss instead of your proof of loss. The adjuster’s report will include information about your loss and the damages you sustained. You must sign the adjuster’s report. At our option, we may require you to swear to the report.

K. Our Options After a Loss

Options that we may, in our sole discretion, exercise after loss include the following:

1. At such reasonable times and places that we may designate, you must:

   a. Show us or our representative the damaged property;

   b. Submit to examination under oath, while not in the presence of another insured, and sign the same; and

   c. Permit us to examine and make extracts and copies of:

      (1) Any policies of property insurance insuring you against loss and the deed establishing your ownership of the insured real property;

      (2) Condominium association documents including the Declarations of the condominium, its Articles of Association or Incorporation, Bylaws, and rules and regulations; and

      (3) All books of accounts, bills, invoices and other vouchers, or certified copies pertaining
VIII. GENERAL CONDITIONS (continued)

Requirements in Case of Loss. Claims should be investigated under a Reservation of Rights or Non-Waiver Agreement if the insured does not comply with Paragraphs J.1. through 9.
to the damaged property if the originals are lost.

2. We may request, in writing, that you furnish us with a complete inventory of the lost, damaged, or destroyed property, including:
   a. Quantities and costs;
   b. **Actual cash values** or replacement cost (whichever is appropriate);
   c. Amounts of loss claimed;
   d. Any written plans and specifications for repair of the damaged property that you can reasonably make available to us; and
   e. Evidence that prior **flood** damage has been repaired.

3. If we give you written notice within 30 days after we receive your signed, sworn proof of loss, we may:
   a. Repair, rebuild, or replace any part of the lost, damaged, or destroyed property with material or property of like kind and quality or its functional equivalent; and
   b. Take all or any part of the damaged property at the value we agree upon or its appraised value.

**L. No Benefit to Bailee**

No person or organization, other than you, having custody of covered property will benefit from this insurance.

**M. Loss Payment**

1. We will adjust all losses with you. We will pay you unless some other person or entity is named in the **policy** or is legally entitled to receive payment. Loss will be payable 60 days after we receive your proof of loss (or within 90 days after the insurance adjuster files an adjuster’s report signed and sworn to by you in lieu of a proof of loss) and:
   a. We reach an agreement with you;
   b. There is an entry of a final judgment; or
   c. There is a filing of an appraisal award with us, as provided in **VIII.P.**

2. If we reject your proof of loss in whole or in part you may:
   a. Accept such denial of your claim;
   b. Exercise your rights under this **policy** or
   c. File an amended proof of loss, as long as it is filed within 50 days of the date of the loss.

**N. Abandonment**

You may not abandon damaged or undamaged insured property to us.

**O. Salvage**

We may permit you to keep damaged insured property after a loss, and we will reduce the amount of the loss proceeds payable to you under the **policy** by the value of the salvage.

**P. Appraisal**

If you and we fail to agree on the **actual cash value** or, if applicable, replacement cost of the damaged property so as to determine the amount of loss, then either may demand an appraisal of the loss. In this event, you and we will each choose a competent and impartial appraiser within 20 days after receiving a written request from the other. The two appraisers will choose an umpire. If they cannot agree upon an umpire within 15 days, you or we may request that the choice be made by a judge of a court of record in the State where the insured property is located. The appraisers will separately state the **actual cash value**, the replacement cost, and the amount of loss to each item. If the appraisers submit a written report of an agreement to us, the amount agreed upon will be the amount of loss. If they fail to agree, they will submit their differences to the umpire. A decision agreed to by any two will set the amount of **actual cash value** and loss, or if it applies, the replacement cost and loss.

Each party will:

1. Pay its own appraiser; and
2. Bear the other expenses of the appraisal and umpire equally.

**Q. Mortgage Clause**

The word “mortgagee” includes trustee.

Any loss payable under Coverage A - Building will be paid to any mortgagee of whom we have actual notice as well as any other mortgagee or loss payee determined to exist at the time of loss, and you, as interests appear. If more than one mortgagee is named, the order of payment will be the same as the order of precedence of the mortgagees.

If we deny your claim, that denial will not apply to a valid claim of the mortgagee, if the mortgagee:

1. Notifies us of any change in the ownership or occupancy, or substantial change in risk of which the mortgagee is aware.
VIII. GENERAL CONDITIONS (continued)

Bailee Goods. No coverage.

Loss Payment. The adjuster needs to be prompt in reporting the investigation, as the insurer has only 60 days from the date of receiving the insured’s Proof of Loss to pay the claim, or within 90 days after the adjuster files a report that is signed and sworn to by the insured in lieu of the Proof of Loss. If the Proof of Loss is rejected in whole or in part or a new supplemental Proof of Loss is filed, it must be submitted and received within 60 days of the date of loss. Only the Federal Insurance and Mitigation Administration has the authority to waive or extend the filing deadline.

Salvage. The insured has the option to keep damaged property after a flood, and the adjuster will reduce the amount of the loss proceeds payable to the insured.

Appraisal. The appraisal clause is much like that in the homeowner’s policy. There is no appraisal for coverage issues. The appraisal clause applies if the insured and adjuster fail to agree on the actual cash value or replacement cost of the damaged property, whichever is appropriate. In the event that the two appraisers appointed by the insured and insurer cannot agree, they should submit only their differences to an umpire.

Mortgage Clause. We will protect the interest of any listed mortgagee or any mortgagee discovered during the investigation.
2. Pays any premium due under this **policy** on demand if you have neglected to pay the premium; and

3. Submits a signed, sworn proof of loss within 60 days after receiving notice from us of your failure to do so.

All of the terms of this **policy** apply to the mortgagee.

The mortgagee has the right to receive loss payment even if the mortgagee has started foreclosure or similar action on the building.

If we decide to cancel or not renew this **policy**, it will continue in effect for the benefit of the mortgagee only for 30 days after we notify the mortgagee of the cancellation or nonrenewal.

If we pay the mortgagee for any loss and deny payment to you, we are subrogated to all the rights of the mortgagee granted under the mortgage on the property. Subrogation will not impair the right of the mortgagee to recover the full amount of the mortgagee’s claim.

**R. Suit Against Us**

You may not sue us to recover money under this **policy** unless you have complied with all the requirements of the **policy**. If you do sue, you must start the suit within 1 year after the date of the written denial of all or part of the claim, and you must file the suit in the United States District Court of the district in which the insured property was located at the time of loss. This requirement applies to any claim that you may have under this **policy** and to any dispute that you may have arising out of the handling of any claim under the **policy**.

**S. Subrogation**

Whenever we make a payment for a loss under this **policy**, we are subrogated to your right to recover for that loss from any other person. That means that your right to recover for a loss that was partly or totally caused by someone else is automatically transferred to us, to the extent that we have paid you for the loss. We may require you to acknowledge this transfer in writing. After the loss, you may not give up our right to recover this money or do anything that would prevent us from recovering it. If you make any claim against any person who caused your loss and recover any money, you must pay us back first before you may keep any of that money.

**T. Continuous Lake Flooding**

1. If your insured building has been flooded by rising lake waters continuously for 90 days or more and it appears reasonably certain that a continuation of this flooding will result in a covered loss to the insured building equal to or greater than the building policy limits plus the deductible or the maximum payable under the **policy** for any one building loss, we will pay you the lesser of these two amounts without waiting for the further damage to occur if you sign a release agreeing:

   a. To make no further claim under this **policy**;
   b. Not to seek renewal of this **policy**;
   c. Not to apply for any flood insurance under the **Act** for property at the described location; and
   d. Not to seek a premium refund for current or prior terms.

   If the **policy** term ends before the insured building has been flooded continuously for 90 days, the provisions of this paragraph T.1. will apply when the insured building suffers a covered loss before the **policy** term ends.

2. If your insured building is subject to continuous lake flooding from a closed basin lake, you may elect to file a claim under either paragraph T.1. above or this paragraph T.2. (A “closed basin lake” is a natural lake from which water leaves primarily through evaporation and whose surface area now exceeds or has exceeded one square mile at any time in the recorded past. Most of the nation’s closed basin lakes are in the western half of the United States, where annual evaporation exceeds annual precipitation and where lake levels and surface areas are subject to considerable fluctuation due to wide variations in the climate. These lakes may overtop their basins on rare occasions.) Under this paragraph T.2. we will pay your claim as if the building is a total loss even though it has not been continuously inundated for 90 days, subject to the following conditions:

   a. Lake flood waters must damage or imminently threaten to damage your building.
   b. Before approval of your claim, you must:

      1. Agree to a claim payment that reflects your buying back the salvage on a negotiated basis and

      2. Grant the conservation easement described in FEMA’s "Policy Guidance for Closed Basin Lakes," to be recorded in the office of the local recorder of deeds. FEMA, in consultation with the community in which the property is located, will identify on a map an area or areas of special consideration (ASC) in which there is a potential for flood damage from continuous lake flooding. FEMA will give the community the agreed-upon map showing the ASC. This easement will only apply to that portion of the property in the ASC. It will allow certain agricultural and recreational uses of the land. The only structures that it will allow on any portion of the property within the ASC are certain simple agricultural and recreational structures. If any of these allowable structures are insurable buildings under the NFIP and are insured under the
VIII. GENERAL CONDITIONS (continued)

Suit Against Us. The insured must file suit in federal court within 12 months from the date the denial letter was mailed.

Subrogation. The insured’s right to recover for a loss in part or in whole for damages caused by someone else is transferred to the insurer if the loss is paid under the Standard Flood Insurance Policy.

Continuous Lake Flooding. The structure must be inundated by lake water for 90 continuous days, and it must be reasonably certain that the continuation of this flooding will result in damage equal to or greater than policy limits, or the ACV or RCV, as applicable. If it is not reasonably certain that the flooding will cause a total loss, then we will pay only for the actual damage up to the waterline. (See Section VIII. of this manual, Special Adjustment Issues, for more information about continuous lake flooding.)

Closed Basin Lakes. A closed basin lake is a natural lake from which water leaves primarily through evaporation, and whose surface area now exceeds or has exceeded 1 square mile at any time in the past. If an insured building is subject to continuous closed basin lake flooding, a total loss claim can be paid if lake flood waters damage or imminently threaten to damage the building and an eventual total loss appears likely.

Special reporting procedures apply to ICC claims and closed basin lake claims. Notify the NFIP Bureau and Statistical Agent upon receipt of either type of claim.
NFIP they will not be eligible for the benefits of this paragraph T.2. If a U.S. Army Corps of Engineers certified flood control project or otherwise certified flood control project later protects the property, FEMA will, upon request, amend the ASC to remove areas protected by those projects. The restrictions of the easement will then no longer apply to any portion of the property removed from the ASC, and

(3) Comply with paragraphs T.1.a. through T.1.d. above.

c. Within 90 days of approval of your claim, you must move your building to a new location outside the ASC. FEMA will give you an additional 30 days to move if you show that there is sufficient reason to extend the time.

d. Before the final payment of your claim, you must acquire an elevation certificate and a floodplain development permit from the local floodplain administrator for the new location of your building.

e. Before the approval of your claim, the community having jurisdiction over your building must:

(1) Adopt a permanent land use ordinance, or a temporary moratorium for a period not to exceed 6 months to be followed immediately by a permanent land use ordinance, that is consistent with the provisions specified for the easement required in paragraph T.2.b. above;

(2) Agree to declare and report any violations of this ordinance to FEMA so that under Section 1316 of the National Flood Insurance Act of 1968, as amended, flood insurance to the building can be denied; and

(3) Agree to maintain as deed-restricted, for purposes compatible with open space or agricultural or recreational use only, any affected property the community acquires an interest in. These deed restrictions must be consistent with the provisions of T.2.b. above, except that, even if a certified project protects the property, the land use restrictions continue to apply if the property was acquired under the Hazard Mitigation Grant Program or the Flood Mitigation Assistance Program. If a nonprofit land trust organization receives the property as a donation, that organization must maintain the property as deed-restricted, consistent with the provisions of paragraph T.2.b. above.

f. Before the approval of your claim, the affected state must take all action set forth in FEMA's "Policy Guidance for Closed Basin Lakes."

g. You must have NFIP flood insurance coverage continuously in effect from a date established by FEMA until you file a claim under this paragraph T.2. If a subsequent owner buys NFIP insurance that goes into effect within 60 days of the date of transfer of title, any gap in coverage during that 60-day period will not be a violation of this continuous coverage requirement. For the purpose of honoring a claim under this paragraph T.2., we will not consider to be in effect any increased coverage that became effective after the date established by FEMA. The exception to this is any increased coverage in the amount suggested by your insurer as an inflation adjustment.

h. This paragraph T.2. will be in effect for a community when the FEMA Regional Director for the affected region provides to the community, in writing, the following:

(1) Confirmation that the community and the State are in compliance with the conditions in paragraphs T.2.a. and T.2.f. above; and

(2) The date by which you must have flood insurance in effect.

U. Duplicate Policies Not Allowed

1. We will not insure your property under more than one NFIP policy.

If we find that the duplication was not knowingly created, we will give you written notice. The notice will advise you that you may choose one of several options under the following procedures:

a. If you choose to keep in effect the policy with the earlier effective date, you may also choose to add the coverage limits of the later policy to the limits of the earlier policy. The change will become effective as of the effective date of the later policy.

b. If you choose to keep in effect the policy with the later effective date, you may also choose to add the coverage limits of the earlier policy to the limits of the later policy. The change will be effective as of the effective date of the later policy.

In either case, you must pay the pro rata premium for the increased coverage limits within 30 days of the written notice. In no event will the resulting coverage limits exceed the permissible limits of coverage under the Act or your insurable interest, whichever is less.

We will pay a refund to you, according to applicable NFIP rules, of the premium for the policy not being kept in effect.

2. Your option under this Condition U. Duplicate Policies Not Allowed to elect which NFIP policy to keep in effect does not apply when duplicates have been knowingly created. Losses occurring under such
VIII. GENERAL CONDITIONS (continued)

Duplicate Policies Not Allowed. If the insured has two policies on the same property, the insured may choose to keep either policy. However, if the insured wishes to combine coverage limits, the effective date of the policy will be that of the later of the two policies purchased.
circumstances will be adjusted according to the terms and conditions of the earlier policy. The policy with the later effective date will be canceled.

V. Loss Settlement

1. Introduction

This policy provides three methods of settling losses: Replacement Cost, Special Loss Settlement, and Actual Cash Value. Each method is used for a different type of property, as explained in a-c. below.

a. Replacement Cost loss settlement, described in V.2. below, applies to buildings other than manufactured homes or travel trailers.

b. Special loss settlement, described in V.3. below, applies to a residential condominium building that is a travel trailer or a manufactured home.

c. Actual Cash Value loss settlement applies to all other property covered under this policy, as outlined in V.4. below.

2. Replacement Cost Loss Settlement

a. We will pay to repair or replace a damaged or destroyed building after application of the deductible and without deduction for depreciation, but not more than the least of the following amounts:

   (1) The amount of insurance in this policy that applies to the building;

   (2) The replacement cost of that part of the building damaged, with materials of like kind and quality, and for like occupancy and use; or

   (3) The necessary amount actually spent to repair or replace the damaged part of the building for like occupancy and use.

b. We will not be liable for any loss on a Replacement Cost Coverage basis unless and until actual repair or replacement of the damaged building or parts thereof is completed.

c. If a building is rebuilt at a location other than the described location, we will pay no more than it would have cost to repair or rebuild at the described location, subject to all other terms of Replacement Cost loss settlement.

3. Special Loss Settlement

a. The following loss settlement conditions apply to a residential condominium building that is:

   (1) A manufactured home or a travel trailer, as defined in II.B.6.b. and c.; and

   (2) At least 16 feet wide when fully assembled and has an area of at least 600 square feet within its perimeter walls when fully assembled.

b. If such a building is totally destroyed or damaged to such an extent that, in our judgment, it is not economically feasible to repair, at least to its predamage condition, we will, at our discretion, pay the least of the following amounts:

   (1) The lesser of the replacement cost of the manufactured home or travel trailer or 1.5 times the actual cash value; or

   (2) The building limit of liability shown on your Declarations Page.

c. If such a manufactured home or travel trailer is partially damaged and, in our judgment, it is economically feasible to repair it to its predamage condition, we will settle the loss according to the Replacement Cost loss settlement conditions in V.2. above.

4. Actual Cash Value Loss Settlement

a. The types of property noted below are subject to Actual Cash Value loss settlement.

   (1) Personal property;

   (2) Insured property abandoned after a loss and that remains as debris at the described location;

   (3) Outside antennas and airmasts, awnings, and other outdoor equipment;

   (4) Carpeting and pads;

   (5) Appliances; and

   (6) A manufactured or mobile home or a travel trailer as defined in II.B.6.b. or c. that does not meet the condition for Special Loss Settlement in V.3. above.

b. We will pay the least of the following amounts:

   (1) The applicable amount of insurance under this policy;

   (2) The actual cash value (as defined in II.B.2), or

   (3) The amount it would cost to repair or replace the property with material of like kind and quality within a reasonable time after the loss.
VIII. GENERAL CONDITIONS (continued)

Loss Settlement. There are three methods to settle a loss under the Residential Condominium Building Association Policy:

- Replacement Cost
- Special Loss Settlement
- Actual Cash Value

Replacement Cost. The insured residence must be the principal residence, meaning that, at the time of loss, the insured lived there for at least 80 percent of the preceding 365 days, or 80 percent of the period of ownership if less than 365 days. Replacement cost applies if the building is insured to 80 percent or more of its full replacement cost before a loss occurs, or if the maximum amount of insurance is purchased.

Special Loss Settlement. If the residential condominium building is a manufactured (mobile) home or travel trailer, is at least 16 feet wide, and has an area of at least 600 square feet within its walls, then the loss will be settled on a Replacement Cost basis. If a single-family dwelling that is a manufactured (mobile) home or travel trailer is a total loss or is not economically feasible to repair, then the adjustment of the property will be the lesser of:

- The replacement cost of the dwelling (NADA) or 1.5 times the actual cash value, or
- The building limit of liability.

If we determine that the building is repairable, the loss will be settled according to the Replacement Cost conditions stated in Paragraph VIII.V.2.

Actual Cash Value. The types of property that are subject to Actual Cash Value Loss Settlement are:

- The insured’s personal property
- Abandoned property that, after a loss, remains as debris at the described location
- Outside antennas and aerials, awnings, and other outdoor equipment
- Carpeting and pads
- Appliances
- A manufactured (mobile) home or travel trailer that is not at least 16 feet wide or does not have an area of at least 600 square feet within its walls
IX. LIBERALIZATION CLAUSE

If we make a change that broadens your coverage under this edition of our policy, but does not require any additional premium, then that change will automatically apply to your insurance as of the date we implement the change, provided that this implementation date falls within 60 days before, or during, the policy term stated on the Declarations Page.

X. WHAT LAW GOVERNS

This policy and all disputes arising from the handling of any claim under the policy are governed exclusively by the flood insurance regulations issued by FEMA, the National Flood Insurance Act of 1968, as amended (42 U.S.C. 4001, et seq.), and Federal common law.

IN WITNESS WHEREOF, we have signed this policy below and hereby enter into this Insurance Agreement.

Jo Ann Howard
Administrator
Federal Insurance Administration
IX. LIBERALIZATION CLAUSE

This is similar to that in the homeowner’s policy. Liberalization with additional premium, such as ICC, does not fall into this category. The insured can choose the policy application that is most beneficial. The loss must be after the effective date of the liberalization.

X. WHAT LAW GOVERN

Federal law governs. This policy is not subject to state departments of insurance or state and local courts.
